Dear Centres,

Fees of IESOL, ISESOL, EBC, SETB, YLESOL and YLSESOL in the Czech Republic for Oct 2010 - Sept 2011

Concerning the examination fees of City & Guilds International ESOL, SESOL, EBC, SETB, YLESOL and YLSESOL (ESOL and SESOL for Young Learners) in the Czech Republic for 2010-2011, we are suggesting that the centres should adopt a maximum fee policy. We find it desirable and convenient to keep a certain price level in the country, and, at the same time, to ensure that our fees stay competitive.

Hence we are suggesting that the maximum fees in CZK to be charged by the centres should not exceed the following:

(calculation is based on the published fees in the City & Guilds Feeslist 2010-2011 plus roughly 90% mark-up, the fixed exchange rate CZK to EUR is the arithmetic mean of the average monthly exchange rates of the 12 preceeding months published by the Czech National Bank)
